F.No./DTU/Exam./1797

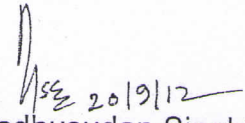

Date : 20-09-2012

**NOTICE**

As per the academic schedule of D.T.U. the last date for submission of **M.Tech Dissertation for IV semester M.Tech students** was 2<sup>nd</sup> July, 2012. The examination office has dispatched all the dissertations submitted to the respective examiners. Most of the examiners have evaluated the dissertations and the examination branch has already declared the results of these students.

Several students are approaching the examination branch for conducting of their VIVA exams and declaration of their M.Tech results. It is therefore suggested that the HODs should contact the respective examiners for those M.Tech students whose Dissertation **viva has not been conducted yet** and arrange for the conduct of viva examination **before 30<sup>th</sup> Sept., 2012**. The examination branch is planning to declare the result of **remaining M.Tech IV semester** students by October 5, 2012.

This may be treated **urgently**.
